## School Vice President

Bangalore, India

*The Grandeur International School*

June 2022 – March 2024

- Headed student affairs, mentoring peers, organizing and coordinating events, and cultivating a collaborative student community

## Projects

---

### PromptSmith

*thepromptsmith.vercel.app*

*Prompt Optimizer*

*github.com/MaryamAishah/PromptSmith*

- Developed an LLM-driven prompt optimizer using Node.js, Next.js, and Gemini API, enabling real-time prompt rewriting and semantic enhancement.
- Built a custom prompt-analysis pipeline for evaluating clarity, intent, and structure, improving output consistency for users.

### Unravel

*unravelpython.vercel.app*

*Python explainer*

*github.com/MaryamAishah/unravel*

- Created a Python learning tool using React and Pyodide that interprets code line-by-line, identifies runtime issues, and explains errors using a custom AST parser.
- Currently being used in my school's CS classes to train students in Python.

## Awards & Honors
